<b>Learning challenge question</b>	Why should the rainforests matter to all of us?	Why are most of the world's cities located near a river?	What happens to the food we eat?	Why were the Romans so powerful?	Why is the sound made by a piano enjoyed by so many?	How can we recreate the wonder of Ancient Egypt?
<b>WOW</b>	Show some film clips of the rainforests. Start to create your own class rainforest in an area of the classroom.	River study trip	Eat a piece of chocolate in the morning and then track its journey through the body during the day	Give the class some surprise extra playtime so another class can invade their classroom	Have a mini concert in class and listen to a range of different music	Ancient Egypt day - could get a company in to run this (History off the Page do some good workshops)
<b>Main outcome</b>	Create a presentation to persuade a specific group not to destroy the rainforest	Publish a book of river poems and artwork	Invite parents in for food tasting (linked to DT)	Make shields and swords and battle on the field	Compose and perform a song for parents	Create a museum exhibit (plan and make different Ancient Egyptian artefacts)
<b>Trips/Visitors</b>		River study trip	Science workshop (Hands on Science do reasonable offers on these)	A day with the Romans - workshop at Norwich Castle		Visit to Swaffham Museum (links to Howard Carter)
